LEWMAR ROLLSTOP HATCHES SIZES 50 TO 70

There are two versions of corner radius which are quite similar. I have overlaid different coloured acrylics to make it clearer.

Print out the page making sure that the Fit to Page option is unchecked. Check the size of the ruler against one of your own and if there is a difference print the page again but by using the Effects tab in Printing Preferences you can alter the % of Normal Size slightly.

Cut out the corners below and compare them to your own acrylic.
